To meet your expectations for a quick, healthy and enjoyable cooking and efficient food storage we would like to introduce you our innovative products made by Australian company - décor®.

Décor company was set up in Melbourne, Australia, in 1958 and has built its reputation on design excellence and product quality. décor® cooperated with the best designers while creating new products. We focus on quality and functionality. Decor is an Australian-owned homewares company that has been making everyday life easier and more enjoyable for 50 years, with homewares that are beautiful, functional, affordable and made to last. And now these products are also available to you!

We are the ambassadors and the exclusive distributor of décor® in Central Europe and the Baltic States. Decorplast - "your plastic life" this is our motto. We offer high quality products, exceptional durability and high functionality. These innovative products can cope with everyday problems: at home, in the office, at school, but also during picnic at the weekend. Each of our products has its own special destiny. These products make your life easier. There are around 450 products in the Decor range, including kitchenware, picnicware, gardenware, brushware and baby-care products.

All products are 100% SAFE FOR HEALTH (Cat. 5 PP), which is confirmed by current tests and certificates reputable laboratory centers. They DO NOT INCLUDE harmful chemicals BPA, lead, polymers and phthalates. They are BPA-free. Our products are produced in Australia. The unique product color attracts attention, and their quality will satisfy even the most demanding person. Our products are carefully cataloged and classified so you can find a specific article very fast and it is easy. We want to create a better everyday life.

We encourage you to read the promotional materials available on our website www.decorplast.eu, which aptly describe the advantages of our unique products. Come and visit our website!
